About Kuya Silver Corporation

Kuya is a Canadian-based silver-focused mining company that owns the Bethania Project, which includes the Bethania mine, located in Central Peru. The Bethania mine was in production until 2016, toll-milling its ore at various other concentrate plants in the region, the Company's plan is to implement an expansion and construct a concentrate plant at site before restarting operations. The Bethania mine produced silver-lead and zinc concentrates from the run of mine material, until being placed on care and maintenance due to market conditions and lack of working capital.
