

Victoria Gold Announces that Orion has Completed its \$57.5 Million Bought Deal Secondary Offering

Not for distribution to U.S. news wire services or dissemination in the United States.

TORONTO, September 30, 2020 – Victoria Gold Corp. (TSX-VGCX) (“Victoria” or the “Company” - <https://www.commodity-tv.com/ondemand/companies/profil/victoria-gold-corp/>) announces today, the closing of the previously announced bought deal secondary offering (the “Offering”) of common shares with Orion Mine Finance (“Selling Shareholder” or “Orion”) and a syndicate of underwriters (the “Underwriters”) co-led by BMO Capital Markets and CIBC Capital Markets and including PI Financial Corp. The Offering, including the over-allotment which was fully exercised by the Underwriters, consisted of 3,383,300 common shares which were bought by the Underwriters from the Selling Shareholder at a price of \$17.00 per common share for gross proceeds of \$57,516,100.

The securities offered have not been registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This press release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

About the Dublin Gulch Property

Victoria Gold's 100%-owned Dublin Gulch gold property (the “Property”) is situated in central Yukon Territory, Canada, approximately 375 kilometers north of the capital city of Whitehorse, and approximately 85 kilometers from the town of Mayo. The Property is accessible by road year round, and is located within Yukon Energy's electrical grid. The Property covers an area of approximately 555 square kilometers, and is the site of the Company's Eagle and Olive Gold Deposits. The Eagle Gold Mine is Yukon's newest operating gold mine. The Eagle and Olive deposits include Proven and Probable Reserves of 3.3 million ounces of gold from 155 million tonnes of ore with a grade of 0.65 grams of gold per tonne, as outlined in a National Instrument 43-101 Technical Report for the Eagle Gold Mine dated December 3, 2019. The Mineral Resource under National Instrument 43-101 – Standards of Disclosure for Mineral Projects (“NI 43-101”) for the Eagle and Olive deposits has been estimated to host 227 million tonnes averaging 0.67 grams of gold per tonne, containing 4.7 million ounces of gold in the “Measured and Indicated” category, inclusive of Proven and Probable Reserves, and a further 28 million tonnes averaging 0.65 grams of gold per tonne, containing 0.6 million ounces of gold in the “Inferred” category.

Cautionary Language and Forward-Looking Statements

This press release includes certain statements that may be deemed “forward-looking statements”. All statements in this discussion, other than statements of historical facts, that address future exploration drilling, exploration activities, anticipated metal production, internal rate of return, estimated ore grades, commencement of production estimates and projected exploration and capital expenditures (including costs and other estimates upon which such projections are based) and events or developments that the Company expects, including the closing of the Offering, are forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in forward-looking statements. Factors that could cause actual results to differ materially from those in forward-looking statements include receipt of all regulatory approvals and completion of the Offering, metal prices, exploration successes, continued availability of capital and financing, and general economic, market or

business conditions. Accordingly, readers should not place undue reliance on forward-looking statements.
