(the "Company" or "GoldMining" - <https://www.commodity-tv.com/play/goldmining-is-acquiring-and-advancing-gold-projects-in-the-americas/>) (TSX: GOLD; OTCQX: GLDLF) is pleased to announce it has been named to the 2020 OTCQX® Best 50, a ranking of top performing companies traded on the OTCQX Best Market last year.

The OTCQX Best 50 is an annual ranking of the top 50 U.S. and international companies traded on the OTCQX Best Market. The ranking is compiled by OTC Markets Group Inc., operator of the OTCQX and other financial markets for 10,000 U.S. and global securities. The ranking is calculated based on an equal weighting of one-year total return and average daily dollar volume growth in the previous calendar year. Companies in the 2020 OTCQX Best 50 were ranked based on their performance in 2019.

Amir Adnani, Chairman, stated: "We are pleased to be recognized in the OTCQX Best 50. This marks the third time since 2015 that our company has been selected in this list of top performers. On behalf of management, I thank our shareholders for their continued support. During the most recent gold bear market, we made numerous opportunistic acquisitions that we believe uniquely position us with the most expansive multi-jurisdictional gold resource portfolio in the Americas."

The Company further announces that it has entered into a digital marketing investor relations agreement with Wallace Hill Partners, Ltd. ("WHP"), an independent company that provides digital marketing and investor relations services to public companies. The engagement has a 12-month term. Pursuant to the agreement, the Company will pay \$8,500 per month to WHP in consideration for the services provided thereunder, including, among other things, online marketing and publishing services through internal and third-party advertisers, to further increase the Company's profile.

Additionally, the Company announces that it has granted incentive stock options to purchase 565,000 common shares of the Company to certain consultants, including WHP, pursuant to the Company's existing stock option plan.
