

KORE Mining Completes Spin Out Transaction Creating Karus Gold, A Leading British Columbia Gold Explorer

Vancouver, BC January 25, 2021 - KORE Mining Ltd. (TSXV: KORE | OTCQX: KOREF) (“**KORE**” or the “**Company**” - <https://www.commodity-tv.com/ondemand/companies/profil/kore-mining-ltd/>) and Karus Gold Corp. (“**Karus Gold**”) are pleased to announce that they have closed the plan of arrangement (the “**Arrangement**”) previously announced on December 16, 2020, pursuant to which KORE has spun-out its Canadian assets to Karus Gold effective as of 12:01 a.m. (Vancouver time) (the “**Effective Time**”) on January 25, 2021 (the “**Effective Date**”).

KORE CEO and Karus Gold Director, Scott Trebilcock commented, “Karus Gold is well positioned with a large 1,000 kilometer square land position in the re-emerging Cariboo Gold District of BC. With two advanced exploration projects, including FG Gold and Gold Creek, and supported by news flow from 19 drill holes at the lab, Karus Gold is strongly positioned to attract capital and generate value for shareholders. We are excited to see Karus Gold’s assets exposed to the valuation forces of a pure play explorer.”

Mr. Trebilcock continued, “Karus Gold will now raise seed capital in a rights offering. This is a rare opportunity for shareholders to access seed round financing usually reserved for industry insiders. Karus Gold then plans to list its shares on the TSX Venture Exchange later in the first half of 2021, subject to regulatory approvals.”

Pursuant to the Arrangement, the owners of common shares of KORE will receive: (i) one-half of a common share of Karus Gold; and (ii) one new common share of KORE, for every common share of KORE held at the close of business on January 22, 2021.

The KORE shares will continue trading under the existing CUSIP (50066W105) until markets close today and will then be delisted. Effective at the opening on Tuesday, January 26, 2021, the new KORE shares will begin trading under the new CUSIP number 50067K100. There is no change in the Company’s trading symbol on the TSX Venture Exchange or on the OTCQX in the United States.

To be clear, there is no change to a shareholder’s ownership of KORE as a result of the completion of the Arrangement. The majority of shareholders (those who hold their shares through their broker) will receive their Karus shares with no further action. Please contact the Company if you do not get your Karus shares by mid-February.
